ÉCO

## 100% certifiés 100% Phildar

FILS ÉCO-RESPONSABLES : BIOLOGIQUES, RECYCLÉS...  
QUEL QUE SOIT VOTRE CHOIX, VOUS POUVEZ CRÉER L'ESPRIT TRANQUILLE  
ET LE COEUR LÉGER : PHILDAR SOUMET TOUS CES FILS À DES  
CONTRÔLES STRICTS, À TOUTES LES ÉTAPES DE LEUR FABRICATION.

Réalisés par des instituts indépendants, ces certifications internationales  
sont apposées sur les étiquettes de chaque pelote.

### Le Label OEKO-TEX standard 100

Nos fils Phildar certifiés OEKO-TEX ne contiennent aucune substance nocive pour la santé et pour la peau, même celle des bébés.

Le label internationale OEKO-TEX® standard 100 garantit l'absence (ou teneur très faible) dans nos fils de substances chimiques toxiques pour le corps et l'environnement. Ces contrôles stricts sont effectués à chaque étape du traitement : matières premières, fils et teinture.

### La certification GOTS (Global Organic Textile Standard)

ORGANIQUE  
Certifié par ICEA  
GOTS N°1096331

Nos fils Phildar certifiés GOTS sont fabriqués à partir de fibres biologiques, dans le respect des Hommes et de l'Environnement.

La Certification GOTS (Global Organic Textile Standard) vous garantit que les fibres utilisées sont d'origine biologique naturelle et fabriquées dans le respect de l'environnement et de la santé des travailleurs. Cette norme couvre toutes les étapes de la production, depuis la récolte des matières premières en passant par la fabrication responsable jusqu'à l'étiquetage.

### La certification GRS (Global Recycle Standard)

Nos fils Phildar certifiés GRS sont fabriqués à partir de matériaux recyclés, dans le respect des Hommes et de l'Environnement.

La certification GRS (Global Recycle Standard) vous informe que le produit est fabriqué à partir de matériaux recyclés, dans un pourcentage clairement indiqué sur l'étiquette. Cette norme vous garantit la traçabilité de l'article tout au long de sa chaîne de production. Les critères de respect des travailleurs et de l'environnement sont également intégrés dans cette certification internationale.

## L'ALPACA MARK

Nos fils Phildar certifiés ALPACA BLEND MARK contiennent un minimum de 30% d'Alpaga dans leur composition.

Le symbole collectif ALPACA BLEND MARK est utilisé pour distinguer les mélanges contenant au moins 30% de fibres d'alpaga avec d'autres fibres naturelles ou synthétiques.

## L'ALPACA DEL PERU

Nos fils Phildar certifiés ALPACA DEL PERU sont fabriqués à partir de fibres d'Alpaga provenant du Pérou.

Le symbole collectif ALPACA DEL PERU garantit la provenance Péruvienne des fibres d'Alpaga.

## WOOL RICH BLEND

Nos fils Phildar certifiés WOOL RICH BLEND sont composés avec entre 50% et 99.9% de pure Laine vierge.

## La certification SEAQUAL

Nos fils Phildar certifiés SEAQUAL sont fabriqués à partir de déchets plastiques collectés dans les océans.

La Certification SEAQUAL vous informe que le produit est fabriqué à partir de déchets plastiques collectés dans les océans.

Ils sont récupérés, nettoyés et transformés en une fibre polyester recyclée. Ainsi, vous montrez votre engagement envers la planète en participant à la **dépollution des fonds marins**.

## MULESING FREE

Alternative éthique au mulesing faisant face aux maladies infectieuses tout en respectant le bien-être animal.

## TENCEL™

Marque déposée par l'entreprise LENZING, la **matière artificielle Lyocell est fabriquée à partir de pulpe de bois et de solvant non toxique**. L'avantage de cette matière est le circuit de fabrication quasi fermé puisque la pulpe de bois provient d'arbres plantés certifiés durables qui consomment peu d'eau. Et le solvant est récupéré à 99,78%.

## Tableau des équivalences Phildar

Pour calculer le nombre de pelotes d'un fil équivalent mais ayant un métrage différent, il faut multiplier le métrage total du modèle et diviser par le métrage de la nouvelle pelote.

Exemple : s'il faut 10 pelotes en Lambswool (134 m)  $10 \times 134 \text{ m} = 1340 \text{ m}$ , je veux tricoter la Phil coton 3 (121m) diviser les 1340 m par 121 m = 11,07 soit 12 pelotes. Donc 10 pelotes en Lambswool = 12 pelotes en Phil coton 3 pour le modèle à tricoter.
